

BRAMLEY 022E

BRAMLEY

Electric-Hydraulic Pipe Bender

1/2" - 2" Mild Steel Pipe Capacity (NB)

BRAMLEY 022E Electric-Hydraulic Pipe Bender

Features

- Easy and simple operation, connect direct into 240V power
- Light weight aluminium alloy formers with large angle of arc to support pipe during bending
- Closed frame style with fold-away top plate for easy removing of bent pipe
- Enclosed, maintenance-free mono-block hydraulic system with automatic piston return
- High thrust hydraulic pump with 150kN (15T) piston rating for high speed operation
- Powerful, compact motor for efficiency with portability
- Complete with seven formers, two bobbins (support rollers) & pins

Includes

- Cast Aluminium Pipe Formers:
 - 1/2" - 75mm centre line radius
 - 3/4" - 105mm centre line radius
 - 1" - 140mm centre line radius
 - 1-1/4" - 175mm centre line radius
 - 1-1/2" - 200mm centre line radius
 - 2" - 240mm centre line radius

Specifications

| | |
|---------------------------------------|-------------------|
| ORDER CODE | P080 |
| Model | 022E |
| Pipe Capacity (NB)- Mild Steel | 1/2" - 2" |
| Hydraulic Jack | Electric 15 Tonne |
| Spigot Size | 38mm |
| Formers | 6 |
| Motor Power | ~ |
| Motor Voltage | 240V |
