

## T070 Tube Bender - Electric DB-32

**Code:** T070  
**Model:** DB-32  
**Capacity:** 5/8" - 1-1/4" Round  
**Weight (Nett):** 29.5  
**Dimensions:** 78 x 24 x 55

### Description

Manufactured in Taiwan

A versatile, powerful and portable tube-bending system for site use or pre-fabrication of pre-set angle

The DB-32 includes a digital display readout for dialling in the bend angle required and is use on the following material tube types; Steel, copper, plastic-coated copper, coated soft steel, aluminium. Universal applications for plumbing, heating, refrigeration, air conditioning and general industry.

### Features

- Complete with 5 tube formers (5/8", 3/4", 7/8", 1" & 1-1/4")
- Digital readout display 0-180° for repetitive bends
- Automatic stop at pre-selected angle
- High reduction transmission for increased torque
- Patented low-friction guide shoe
- Forward & reverse switch
- 1.7kW 240V motor
- Tube Formers Capacities:
  - 5/8", 3/4", 7/8", 1" - 2.0mm mild steel wall & 1.6mm stainless steel wall thickness
  - \* 1-1/4" - 1.6mm mild steel wall & 1.2mm stainless steel wall thickness

## Includes

- Tube Formers:
  - 5/8" - 68mm centre line radius
  - 3/4" - 80mm centre line radius
  - 7/8" - 92mm centre line radius
  - 1" - 103mm centre line radius
  - 1-1/4" - 130mm centre line radius
- Three leg stand
- Plastic carry case

## Specifications

<b>CODE</b>	T070	<b>Formers Included</b>	~
<b>Model</b>	DB-32	<b>Angle Capacity</b>	0 - 180°
<b>Tube Type</b>	Round	<b>Motor Power</b>	1.7kW / 2.3hp
<b>Tube Wall Thickness - Mild Steel</b>	2.0mm*	<b>Voltage</b>	240V
<b>Round Tube Capacity</b>	5/8" - 1-1/4" dia.		
<b>Square Tube Capacity</b>	~		
<b>Formers Included</b>	5/8", 3/4", 7/8", 1" &		
<b>Formers Included</b>	1-1/4"
